

2/24/94

To: Frank DeAngelis

A small token of thanks and friendship.
Your generosity and labor of love in mounting my medals
and ribbons in shadow boxes is sincerely appreciated. Words
can't express how grateful and fortunate I am for all
your hard work and dedication. Displayed for my friends
and family to enjoy, they display vividly my thirty
years of service to my Corps + Country, the way of life
that made me truly happy. The display of my
m miniature medals hangs proudly in my office where it
receives comments from customers and staff daily. The
display of my large medal will now hang in my home
with true pride. Martha + I will always be thankful
and treasure your friendship. We look forward to
strengthening that friendship in the years to come. We
extend to you warmest personal regards and best
wishes for good health and continued happiness. Good
luck, God Speed and Semper Paratus.
